INTERNET AGREEMENT

STUDENT

I understand that the Internet can connect me to lots of useful information stored on computers around the world.

When I have access to the Internet:

- I will use it only for educational purposes or as directed by a supervising adult.
- I will not look for anything that is not appropriate for school use.
- I will not reveal home addresses or phone numbers – mine or anyone else's.
- I will not use the Internet to annoy or offend anyone else.
- If I accidentally come across something that is not appropriate, I will:
 1. Clear the information from my screen; and
 2. Immediately inform my teacher.

I understand that if the school decides I have broken these rules, there will be consequences including the loss of my Internet access for a set period of time.

I agree I will use my email account appropriately.

PARENT OR GUARDIAN

I understand that the Internet can provide students with valuable learning experiences.

I also understand that it gives access to information on computers around the world; that the school cannot control what is on those computers; and that a very small part of that information can be inappropriate for viewing by children.

I understand, however, that the supervising staff of Elliott Heads State School will take every precaution possible to minimise this risk.

I believe _____ (Child's name) understands this responsibility, and I hereby give my permission for him/her to access the Internet under the school rules. I understand that students breaking these rules will be subject to appropriate action by the school. This may include the loss of Internet access for a set period of time.

I believe my child can use an email account appropriately.
